Portfolio : https://yangsiyuchen.myportfolio.com

I turn complex ideas into clear user journeys, intuitive interfaces and interactive prototypes. With a background in art direction, I bring a strong visual eye to digital experiences. Looking for a junior UX/UI or Product Designer role where I can help shape useful, engaging products.

SELECTED PROJECT

CYMA | Local music discovery app

Final-year academic project | 2026

- Designed user journeys for discovering local artists, browsing concerts and accessing tickets.
- Created UI screens and an interactive Figma prototype, supported by a cohesive visual identity.

PROFESSIONAL EXPERIENCE

Promostyl | Jul 2024 – Jul 2025

Graphic Designer & WordPress Webmaster

- Designed newsletters with customer segmentation in mind, considering purchase history and website engagement.
- Used AI image-generation tools to create visual assets for communication materials.
- Updated WordPress content and produced digital and print materials.

Théâtre de la Bastille | Mar – Jun 2024

Communication & Graphic Design Intern

- Created social media visuals to promote performances.
- Adapted communication materials to the theatre's new visual identity.
- Worked with the communication team on season teasers, photography and digital content.

Ona Only Natural | Apr – Aug 2023

Digital Communication Intern

- Designed weekly newsletters in Klaviyo and reviewed section-level click performance to understand which content attracted engagement.
- Created visual assets for Instagram advertising campaigns aimed at driving website traffic.
- Produced social media content and videos for an e-commerce brand.
